

Projecto Honduras has an *all volunteer* workforce. Our extraordinary volunteers not only give countless hours of service, they pay for their own transportation and living expenses. Our founders pay all administrative costs. This means that 100%, *your entire donation*, goes to providing aid to the poorest of families with the most crucial of needs.

Projecto Honduras is a 501(c)(3) charitable organization

www.projectohonduras.org

(Name of Recipient)

In your name and to celebrate you,

(Name of Giver)

purchased _____ piglet(s) to be given to a very needy child in Honduras, Central America

I'll race you to the finish line

Take me
NO, take me
OK take us both

But most of all
piglets make a
magnificent
gift!

Pigs are a good source of protein. They do not require much care and they like to be in water. This comes in handy when one lives in the cloud forest where it rains and floods often.

I'm on my way to the cloud
forests of Honduras.
